Dear Braintree,

Campaigning to be your mayor has been an incredible honor. I've had the unique opportunity to meet you—at your doorstep, at community events, and around town—make real connections and have meaningful conversations that matter.

What resonates most is what we all share: our commitment to and love for this community. As mayor, I will ensure that we are preserving and respecting the history and fabric of our Town, while also investing in our future, so Braintree can thrive for generations to come.

On Tuesday, I respectfully ask for your vote so we can get Braintree back on track, together!

Sincerely,

A handwritten signature in black ink that reads 'Erin Joyce'.
